FACIAL TREATMENTS

We offer a vast range of facial & advanced facial treatments which begin with a detailed consultation & an in-depth skin analysis.

We will then tailor your facial to include a cleanse, exfoliation, a treatment specific massage, a mask & an intensive serum. All products are from professional spa brand, Germaine de Capuccini.

The hands of our highly trained therapists use a combination of massage techniques to reduce the signs of ageing. These targeted facial treatments will gently but firmly take on the challenges of sensitivity, oiliness & dullness for a healthier more vibrant complexion.
